Your “Above & Beyond” Training Program

Expand your team’s development by combining the expertise of our learning consultants with an optional learning program designed to maximize performance and grow talent.

## OUR LEARNING CONSULTANTS WILL PERSONALIZE YOUR LEARNING PROGRAM

High-performing organizations know their competitive advantage is directly tied to their ability to develop their talent effectively—reinforced by access to training programs that not only align to business objectives but support project execution.

We’ve worked with entrepreneurial businesses for decades. We know growing businesses are most concerned with four areas of employee development. Our learning consultants will develop a training schedule that fits your organization’s needs—as a stand-alone program or one that integrates with your structured training program.

## OUR COURSES ADDRESS WHAT ENTREPRENEURIAL BUSINESSES NEED MOST

We’ve partnered with Skillsoft®, a leader in learning and talent management, to offer learning programs for employees and managers that covers what small business value most. You can select courses from many curriculum’s including:

## ADDED BONUS: OUR COURSES ARE DESIGNED FOR THE MODERN LEARNER
