Extensis Group Earns Prestigious Certification for Outstanding Workers' Compensation Risk Management

Thursday April 16

WOODBIDGE, N.J.-- Extensis Group LLC., New Jersey's largest Professional Employer Organization (PEO), is proud to announce that it has achieved the prestigious PEO Workers' Compensation Risk Management Certification. Extensis earned the distinction from the independent Certification Institute (CI) for ongoing use of best practices in workers' compensation risk management on behalf of the company's clients.

The Certification Institute is an independent nonprofit corporation, promoting industry professionalism and Risk Management best practices. The Institute's Board is composed of representatives from workers' compensation carriers, PEOs and other executives with experience in workers' compensation risk management. Extensis was recognized for the achievement during the Risk Management Workshop of the National Association of Professional Employer Organizations (NAPEO), April 1-2, in Tampa, Fla.

As part of Extensis' service to small and mid-sized businesses it provides risk management services and manages claims for its clients' employees. The company also enables clients to cost-effectively outsource the management of human resources, employee benefits and payroll. As a result, the clients can focus on their core competencies and growing their business.

"Now more than ever, effective Risk Management practices can really impact the bottom line," said Don Abernathy, President of Extensis, "resulting in measurable savings on Workers Compensation, Medical Insurance and Improved Employee Retention."

Extensis was founded ten years ago with the concept of providing PEO services to the small and midsized business community in the NJ-NY metropolitan area. By focusing on delivering high customer satisfaction and actively guiding their clients through the challenges of growing a business in this region, Extensis has delivered year over year growth. It now stands alone as the largest New Jersey based PEO, providing outsourced Human Resources, Administration, Benefits and Risk Management Solutions.
