

The Employee Experience Is Exceptional

Employees want a modern HRIS solution as much as employers do. Our next-generation HR technology, HRCloud, gives them world-class self-service options. When they need more, our Employee Solution Center, staffed by highly-trained professionals, is ready to help.

THE HR CLOUD APP DELIVERS “HR ON-THE-GO”

The HRCloud App quickly connects employees with employment information they need or want. They can easily...

HRCloud App

REQUEST	PTO. Plus, employees can view their PTO history and how much PTO is pending and available.
VIEW	Payroll information, including deductions, paycheck history, and next pay date. It makes sharing pay info with third parties quick and easy. Benefit information such as effective dates, dependents, co-pays, plan designs, and premiums for medical, dental, vision, and more.
GET NOTIFICATIONS	It's the most effective way to get the word out to some or all—whether it's about an event or a severe weather closing. Employees can select payroll notifications, too.
LINK	Benefit providers' apps or websites are just a click away—no more wasted time searching web browsers' results. Phone numbers are listed, too.

EMPLOYEES WILL LOVE THE EASY-TO-USE, MODERN FEATURES

The HRCloud App is meticulously designed to include these features:

Quick navigation by touch.

Two touches is all it takes to get to what they want.

Quick navigation by voice.

The microphone enables even faster navigation.

Menu bar on every screen.

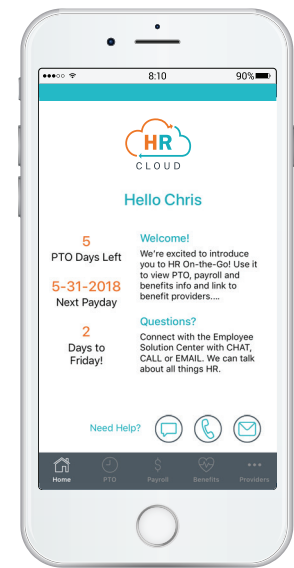

It's always one tap to Home, PTO, Payroll, Benefits, and Provider Contact Info.

Touch to chat, call, and email.

Connect to our Employee Solution Center for info about all things HR.

3D Touch shortcuts.

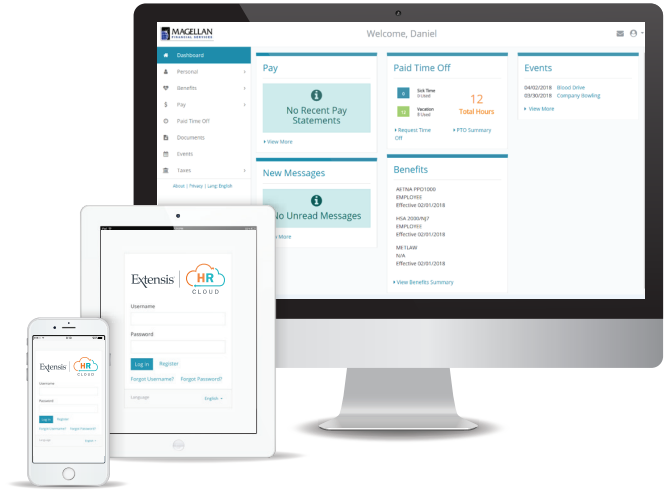

Employees with 3D Touch can enjoy even greater functionality.

THE MOBILE-OPTIMIZED HR CLOUD DELIVERS “HR IN-OFFICE/HOME”

When employees need to get things done, the mobile-optimized HRCloud is ready with full-system functionality. It also helps build employee engagement and company loyalty by putting your brand front and center.

- **It simplifies HR for employees.** They'll effortlessly navigate through onboarding requirements, update personal info, request PTO, and enroll for benefits.
- **Side-by-side benefit comparisons and costs** give them more confidence in benefit choices for themselves and their families.
- **Guidance is only a click away.** How-To Guides on the Resource Center for Employees give easy step-by-step instructions.
- **It's available in English and Spanish.** With one click, they can go from one language to the other.

HRCloud works on smartphones, tablets, laptops, and desktops.

YOU'LL BOTH LOVE THE SECURITY MEASURES

HRCloud was carefully designed with the latest, most advanced data protection features to safeguard personal information:

User name and password authentication
(plus face or finger biometrics, and 6-digit PIN for HRCloud App)

Automatic user time out

Secure and reliable encryption techniques
